DISCOVER PLACENCIA FIRST

Depending on where you come from the journey might be quite long and exhausting. Europeans for example often have to struggle with a time difference of up to eight hours. So why not give yourself some time to arrive in peace? Placencia is the ideal place to do so.

PLACENCIA IN A NUTSHELL

Placencia, a true beach-holiday peninsula poking out from the mainland. Perched at the southern tip of a long, narrow, sandy peninsula, the charming, low-key fishing village is bordered on one side by mangrove lagoons and just on the other side by the fantastic Caribbean Sea. The colorful little town offers all you need to arrive - relax and get into the Caribbean feeling.

Along the popular 4,000-foot long “main street” that is a pedestrian-only sidewalk you find restaurants and bar's with direct view to the ocean, great food and drinks and often some live music. The variety is huge in all aspects – you are looking for delicious seafood, traditional creole food, a rooftop coffee shop in the trees or a little restaurant over the water or you are just looking for a cozy sandy beach to relax – Placencia has it all.

HOTEL

We work together with Brisa Oceano Resort www.brisaoceano.com which offers all kind of comfort and is situated just next to the side walk. We would book the room for you! The costs – depending on the season – between 60 to 80 USD per guest per night.

If you already had a different hotel in mind – please do not hesitate to contact us and we are happy to arrange your overnight there.
